

## **How to find us by car**

If travelling by car, please be aware of the daytime access restrictions to Lendal Bridge (diversions are marked). We would normally recommend the Marygate Carpark on Frederick Street, just off the A19 Bootham. For Satnav purposes the postcode is YO30 7DT.

### **From Marygate Carpark**

Marygate is a York Council Pay and Display Carpark with ample spaces. From there, progressing on foot, take the right turn towards the river and turn left along the tow path, known as 'Dame Judi Dench Walk', along the river towards Lendal Bridge. From the tow path either walk up the steps onto the decking, then into the front entrance or walk left and enter from the Museum Gardens side at the top side of the building.

Alternatively from dawn 'til dusk, you can take the scenic route through the beautiful Museum Gardens and you can access from that direction.

The third option is the 'out of hours' route, via the cobbled slope of Lendal Hill. After walking about 20 metres, you emerge through the magnificent archway through the City Wall to find The Star Inn The City awaiting your attention!

## **How to find us on foot**

### **From York Station**

Turn left on leaving the Station and proceed pass the Royal York Hotel down towards the river. Follow the path under the 'Bar', then left onto Lendal Bridge. Cross over the bridge and The Star Inn The City can be found to the left next to the magnificent Lendal Tower either descending at the steps or walking a little further to proceed down the cobbled slope of Lendal Hill.

The Star Inn The City Ltd, Lendal Engine House,
